VARSITY AND AGGIES BOTH PLAY TODAY

While Salt Lake football fans are busy watching the High school game today, there will be something doing with two Utah teams in other cities. Over in Denver the east bench aggregation is scheduled to play the strong Denver team. The home rooters of this team will anxiously await the result, and they have strong hopes that Utah will win. Should the varsity be defeated by the Denver team it will probably be by a close score and

out two men in the seventh and three men in the ninth. Score:

"Dare Devil Jed" Newkirk and his "999"
will give an exhibition at Agricultural park track this afternoon. The fun, or rather the excitement, will commence at 4 p. m. instead of 35%. The principal feature of the programme will be Newkirk's attempt for the mile record of 1:12 4-5, made by himself at Peoria, III., and another attempt at the three-mile record of 3:38, made on the same track.

"Bill" Hoffer, or, as he has been more fondly called "Wee Willie" Hoffer is more the city from Logan. Hoffer is well known among Sait Lake ball fans, having played on the Lagoon and Logan teams in the Utah state league. As this is the first time "Bill" has been in a city for some days, he secured the services of "Fat" Schuler yesterday to steer him around town to take a lock at the tall buildings and keep clear of the pair who manipulate the padlock for the unwary.

The wrist was wedered as their caught between the elevator shart and the cievator. The wrist was wedged so tightly that it stopped the car. Dr. Wherry attended the injured lad and found that the flesh had been crushed from the bone but the bones were not broken.

Back From Mexico.

C. W. Clapp returned yesterday from Sonora, Mexico, where he is interested in the Chipona Mining company. Mr. Clapp is enthusiastic over the outlook for the company, which is about to erect a smelter at their mine. The property is an old one and was, in fact, worked over a hundred years ago by the crude methods of the time, but until the present company teck hold there was never any systematic attempt to take out the immense wealth with which the hill is stored. Since leaving Ozden, Sept. 6 last, Mr. Clapp has traveled about 6500 miles, as he went to the west coast by way of Oregon and then went on to Mexico from California. He expects to return in a few weeks.

The county seat removal is causing considerable stir in this city at present, and good effective work is being done by representative men of this city as well as certain individuals in towns north of Manti. Many of the northern people are awakening to the fact that to change the county seat to Ephraim means higher taxes and bonding the county to build a new court house, as Ephraim has no building suitable for a court house, while the present court house will answer the purpose until the county can afford to erect a new building.

Vernal, Oct. 24.—The biggest event in the history of Ulmah county politics occurred here this evening under the auspices of the Ladies' Democratic club. The affair consisted of a banquet, which was free to all, with speeches by S. A. King and W. E. Rydalch. The affair terminated with a grand ball, the Hanson orchestra furnishing the music.

It is estimated that at least 600 people were seated at 'he tables, and the speeches were listened to by many more. It was easily the largest political gathering in the history of the county, and is an evidence of the spirit of Democracy in this section. Judging from the enthusiasm and interest that is manifested in the ranks of the unterrified, it would seem that the worst drubbing the g. o. p. has ever received in this county is due for Nov. 8. All through the county where the Democratic speakers have addressed in terest and approval. S. A. King and W. E. Rydalch are meeting with the greatest success in their tour of the county and find plenty of assurances of support from former Republicans. It now seems certain that King will cut into Booth's vote heavily in this county.

In the end both governments seem to be striving for the honor of the first proposal of this method of the settlement of the questions at issue. The drafting of a method of action probably will require some time.

the cost, talked lightly and even joyfully at the prospect of war with the traditional enemy at whose doors the public mind lays so many of Russia's difficulties. At no time was this feeling entertained in the higher responsible circles, where the gravity of the affair was fully realized and where it was believed that the honor of Russia demanded the most complete and searching inquiry to establish before the world whether a blunder had been committed, and, if so, to fix the responsibility.

Many officers of the navy blindly ac Many officers of the navy blindly accept Admiral Rojestvensky's statement that he was attacked and all declare that he was justified in exercising the greatest caution, in view of numerous warnings that an attack would be made on the squadron. The more conservative officers agree that it is wisest to court a full and impartial investigation, before the view of the blane fall where it

Vigo Spain, Oct. 28.—The Russian war-ships finished coaling today, but no pre-parations for their departure are visible. It is rumored that Admiral Rejestvensky has received an important cipher message from St. Petersburg.
